

**Weill Cornell  
Medicine**

**Applied Bioinformatics Core**

# Bioinformatics Clinic

**TUESDAYS, 1pm–2pm**

**Room: LC–504**

**Zoom: 412 547 498**

Are you stuck with a bioinformatics analysis?  
Does your code not seem to do what it should?  
Do you feel overwhelmed by the myriad  
parameters of read aligners?

**Let us help you!**

epigenomics

transcriptomics

single-cell RNA-seq & Co.

DNA sequencing & variant calling

sequence alignments & phylogeny

generation of publication-ready images

best practices for reproducible computational research
